Student Behavior (formerly known as Student Discipline)

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and Where Conduct Rules Apply

A student is subject to disciplinary action for engaging in *prohibited student conduct*, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

- a. On, or within sight of, school grounds before, during, or after school hours or at any other time;
- b. Off school grounds at a school-sponsored activity, or event, or any activity or event which bears a reasonable relationship to school;
- c. Traveling to or from school or a school activity, function, or event; or
- d. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: a) be a threat or an attempted intimidation of a staff member; or b) endanger the health or safety of students, staff, or school property.

Prohibited Student Conduct

The school administration is authorized to discipline students for gross disobedience or misconduct, including, but not limited to:

1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling, or offering for sale:
 1. Any illegal drug, or controlled substance, or cannabis (including medical cannabis, marijuana, and hashish).
 2. Any anabolic steroid unless it is being administered in accordance with a physician's or licensed practitioner's prescription.
 3. Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a physician's or licensed practitioner's prescription.
 4. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
 5. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form.
 6. "Look-alike" or counterfeit drugs, including a substance not containing an illegal drug or controlled substance, but one: a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy.
 7. Drug paraphernalia including devices that are or can be used to: a) ingest, inhale, or inject cannabis or controlled substances into the body; and b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

4. Using, possessing, controlling, or transferring a weapon in violation of the "weapons" section of this policy.
5. Using or possessing an electronic paging device. Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone. Unless otherwise banned under this policy or by the building principal, all electronic devices must be kept powered-off and out of sight during the regular school day unless: a) the supervising teacher grants permission; b) use of the device is provided in a student's IEP; c) it is used during the student's lunch period, or d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
6. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
7. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives

- include refusing a district staff member's request to stop, present school identification, or submit to a search.
8. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
 9. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct. Teen dating violence, as described in Board Policy 7.185, *Teen Dating Violence Prohibited*, is prohibited.
 10. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: a) expression of gender or sexual orientation or preference, or b) display of affection during non-instructional time.
 11. Teen dating violence as described in Board policy 7:185, *Teen Dating Violence Prohibited*.
 12. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property.
 13. Entering school property or a school facility without proper authorization.
 14. In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus, or at any school activity.
 15. Being absent without a recognized excuse; State law and Board Policy on truancy control will be used with chronic and habitual truants.
 16. Being involved with any public school fraternity, sorority, or secret society, by:
 1. Being a member;
 2. Promising to join;
 3. Pledging to become a member;
 4. Soliciting any other person to join, promise to join, or be pledged to become a member.
 17. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia.
 18. Violating any criminal law, such as assault and battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
 19. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
 20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
 21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: a) be a threat or an attempted intimidation of a staff member; or b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term "possession" includes having control, custody, or care, currently or in the past, of an object or substance, including situations where the item is: 1) on the student's person; b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; c) in a school's student locker, desk, or other school property; or d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psycho tropic or psycho stimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.

4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The building principal or designee shall ensure that the student is properly supervised.
7. Detention or Saturday school, provided the student's parents/guardians have been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the building principal or designee.
8. Community service with local public and nonprofit agencies that enhance community efforts to meet human, educational, environmental, or public safety needs. The district will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure giving the student and/or parents/guardians the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended may also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled may also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), "look-alikes," alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons

A student who uses, possesses, controls, or transfers a weapon, or any object that can reasonably be considered, or looks like, a weapon, shall be expelled for at least one calendar year, but no more than two calendar years. The superintendent may modify the expulsion period and the Board may modify the superintendent's determination, on a case-by-case basis. A "weapon" means possession, use, control, or transfer of: 1) any gun, rifle, shotgun, a weapon as defined by Section 921 of Title 18, United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Act, or use of a weapon as defined in Section 24-1 of the Criminal Code; 2) any other object if used or attempted to be used to cause bodily harm, including but not limited to knives, brass knuckles, billy clubs; or 3) "look-alikes" of any weapon as defined above. Any item, such as a baseball bat, pipe, bottle, lock, stick, pencil, and pen, is considered to be a weapon if used or attempted to be used to cause bodily harm. The superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theater, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: 1) a student is licensed to carry a concealed firearm, or 2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the building principal in the event that he or she: 1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, 2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or 3) observes a battery committed against any staff member. Upon receiving such a report, the building principal or designee shall immediately notify the local law enforcement agency, State Police, and any involved student's parents/guardians. "School grounds" includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Delegation of Authority

Each teacher and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The superintendent, building principal, assistant building principal, or dean of students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to ten consecutive days, provided the appropriate procedures are followed. The School Board may suspend a student from riding the bus in excess of ten days for safety reasons.

Student Handbook

The superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the district's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the district disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

Gang Activity Prohibited

Students are prohibited from engaging in gang activity. A "gang" is any group of two or more persons whose purpose includes the commission of illegal acts.

No student shall engage in any gang activity, including, but not limited to:

1. Wearing, using, distributing, displaying, or selling any clothing, jewelry, emblem, badge, symbol, sign, or other things that are evidence of membership or affiliation in any gang, or are prejudicial or represent such to another group or faction
2. Committing any act or omission or using any speech, either verbal or non-verbal (such as gestures or handshakes) showing membership or affiliation in a gang
3. Using any speech or committing any act or omission in furtherance of the interests of any gang or gang activity, including, but not limited to: 1) soliciting others for membership in any gangs, b) requesting any person to pay protection or otherwise intimidating or threatening any person, 3) committing any other illegal act or other violation of school district policies, d) inciting other students to act with physical violence upon any other person

Students engaging in any gang related activity will be subject to one or more of the following disciplinary actions:

- Conference with parents/guardians
- Referral to appropriate law enforcement agency
- Removal from extra curricular and athletic activities
- Suspension for up to ten days
- Expulsion not to exceed two calendar years

Gang Graffiti

When a teacher observes that a student has what is suspected to be gang graffiti on a notebook or some other property they should:

- confiscate the item and give it to the building principal
- the principal will make two copies of the item, one for the building file and one to provide to Lincoln Police Department Youth Officer
- the principal will notify the parents that they may reclaim the item by coming to the office and signing a notification sheet.

Students

Discipline/Punishment

A central goal of our schools is to help students develop self-discipline: a capacity for wise behavior through inner control.

Discipline so conceived is developmental rather than punitive. Based upon faith in the worth and dignity of each individual, discipline becomes a guiding rather than a punishing device. Any form of discipline which impairs a student's self-esteem should be avoided.

The teacher's role in discipline should be like that of a kind, firm, judicious parent helping children grow in their capacities for self-discipline and self direction. Basic to that approach is each teacher's success in maintaining an environment in which students eagerly learn.

Discipline/Punishment

Responsibilities of parents are as follows:

1. to send the student to school healthy and clean
2. to ensure that primary students arrive at school on time
3. to encourage the proper attitudes toward learning and respect for school authority in the child
4. to cooperate with school personnel in efforts to improve the student's attitude and behavior
5. to assume full responsibility for willful misbehavior or damage to school property by the child
6. to assume full responsibility for bullying activities as defined in Board Policy

Responsibilities of the student are as follows:

7. to comply with the rules of the school
8. to pursue the prescribed course of study
9. to respect and respond to the authority of the teacher and other school personnel
10. to be alert and responsive to directions
11. to be courteous to fellow students and faculty members
12. to respect the rights and property of others
13. to be conscientious of their safety and the safety of others
14. to arrive at school on time

Responsibilities of the teacher are as follows:

1. to enforce the policies of the school and the district to maintain control of the classroom and the school environment
2. to maintain classroom control adequate for the pursuit of the course of study by each child in the room
3. to correct students whose acts, behavior, or conduct are not in conformity with generally recognized standards of acceptable behavior
4. to report any extreme or inappropriate behavior by a student to the principal in order that corrective measures might be taken

Responsibilities of the administrator are as follows:

1. to provide and maintain the best possible school environment for learning
2. to provide a safe environment by:
 - a. dealing with extreme or unusual cases of misconduct
 - b. leading in developing and establishing school rules within the limits of district policy
 - c. supporting staff members in establishing and maintaining adequate student control
 - d. assisting staff members in determining appropriate procedures in handling extreme student misbehavior

Students**Removal of Disruptive Students from the Classroom**

Whenever a student's behavior in a school classroom disturbs the learning environment for others and/or threatens physical harm to the student, other students or the classroom teacher, he/she may be removed from the classroom as a disciplinary action. If the student will not leave the room voluntarily the teacher, and/or principal or designee may physically remove the student from the classroom.

Unacceptable student behavior and/or disobedience is just cause for suspension and/or expulsion from District #27 schools.

When removal of disruptive students from the classroom is necessary the following due process steps should be taken to assure the individual rights of the student or students involved:

1. The teacher has the authority to remove a student from the classroom at any time a student exhibits gross misbehavior or disobedience which disrupts the classroom learning environment for others; threatens the safety of the student involved; or threatens physical harm to other students, the teacher, or other staff members.
2. If the teacher cannot persuade a student to voluntarily leave the classroom, the teacher has the authority to physically remove the student from the classroom. Teachers should use good judgement in removing students forcibly from the room.
3. Teachers should not rely upon other students to accompany disruptive students to the principal's office. Other students may be used to summon the principal at the request of the teacher.
4. When the teacher has arrived at the principal's office with a student removed from the classroom the following steps should be followed:
 - a. principal/assistant principal or head teacher will confer with the teacher in private to learn the reason or reasons for removal of the student from the room
 - b. principal/assistant principal or head teacher will confer with the pupil to explain why he/she was removed from the classroom and to listen to the student's response to the charges
 - c. principal/assistant principal or head teacher will decide whether the disciplinary action to be taken is in-school or external suspension - once this decision is made the parents should be contacted
 - d. principal/assistant principal or head teacher will attempt to contact the parents by phone to inform them about the child's removal from the classroom by the teacher and the disciplinary action to be taken. A parent conference should be scheduled as soon as possible to discuss the problem
 - e. formal suspension policies should be followed by the principal/assistant principal or head teacher in the written notification to parents about a student's suspension whether it is in-school or external suspension
5. The principal shall be authorized to decide whether or not a student needs to remain out of the classroom for any extended period of time.

When in doubt about whether or not to follow formal due process procedures for school suspension the principal, assistant principal or head teacher should contact the district superintendent. If the superintendent is unavailable the principal should proceed with formal due process guidelines and procedures.

Adopted by the Board of Education on 12/20/95

Students**Student Activities****Student Strike or Student Disorder**

To minimize the disruption of the educational process, to assure the safety of students and faculty, and to protect public property, the administration is authorized to implement the following procedures. At all times the safety of the students shall be uppermost in the minds of those in charge of a building during a time of tension.

1. When there is evidence that an unusual situation may be developing, the principal shall alert police authorities, and notify the superintendent.
2. In the event of a student strike or student disorder, the policy shall be to take firm measures.
3. The building principal or his delegate shall confront the students causing the disturbance. He shall make himself available to meet immediately with the representatives of the students causing the disturbance and shall inform the other students that he expects them to return to their regular classroom routine.
4. If the students fail to abide by such directions, the principal is authorized to suspend those students causing the disturbance and direct them to leave the building with the understanding that they will not be readmitted unless accompanied by a parent or guardian.
5. If the disruptive students refuse to leave the building and the school grounds after a reasonable time has elapsed in the judgement of the building principal, he/she shall call in the police authorities.
6. The building principal should clearly state to the disruptive group that upon arrival of the police authorities they are subject to arrest.
7. Should a confrontation of any kind ever develop, the building principal will submit to the superintendent, in writing, a complete report of such incident.
8. The Board reaffirms its policy that the principal is always available to receive the requests of students in a peaceful, orderly, and reasonable manner, and that he is free to exercise administrative judgement in a specific instance.

Students**Vandalism**

The Board views vandalism against school property by students as reprehensible. Accordingly, the superintendent or designee is directed to take such steps as are necessary.

1. to identify the student(s) involved
2. to call together persons, including the parents, needed to study the causes and to advise him/her on appropriate disciplinary action
3. to decide upon disciplinary action and to assess costs against the students and/or their parents
4. to take any constructive actions needed to guard against the future student misbehavior
5. to notify police authorities if vandalism occurs as a result of breaking into or illegally entering a building or in his judgement the vandalism requires law enforcement intervention.

Students**Drug Abuse, Tobacco, Alcohol**

It shall be the policy of the schools to take positive action through education, counseling, parental involvement, medical, referral, and police referral in handling incidents in the schools involving the possession, sale, and/or use of behavior affecting substances. These substances shall include, but not be limited to marijuana, LSD, glue, alcohol and barbiturates.

Students shall be advised of this policy in a manner deemed appropriate by the building principal. In addition, information concerning the effects and potential dangers involved in the illicit use of drugs shall be included in the curriculum in compliance with the law.

If a staff member finds a student to be illicitly using, possessing or distributing drugs or look-alike drugs in violation of this policy, the student shall be suspended for a period of up to ten days for the first offense. In addition, parents and juvenile authorities shall be notified promptly. In all cases, parents' cooperation shall be sought. When a substance is determined to be a illicit drug, the identity of the student shall be given to the proper authorities for prosecution.

Repeat offenders may be recommended to the School Board for expulsion.

If there is reason to believe that a student is using drugs illicitly at any time on or off school premises, the health and counseling services of the school shall be made available to the student and his parents.

Given reasonable grounds for suspicion, school officials may search for and seize illicit drugs brought onto school buses or school property and submit such drugs to the proper authorities for analysis.

School properties may be inspected by school authorities in the interest of maintenance, health, and safety. Lockers, though assigned to students are school property and may reasonably be inspected.

Inspections for the location of drugs, narcotics, liquor, weapons, poisons, and missing properties are matters relating to health and safety and may be regarded as reasonable purposes for inspection and search by school personnel.

Organizations sponsoring activities on the school's facilities outside of regular school hours shall be made aware of this policy and shall be expected to take appropriate disciplinary measures. Failure to do so could result in cancellation of that organization's privilege to use district facilities.

Procedures for Dealing with Student Problems

The following procedures have been developed to aid members of the staff in dealing with the use, possession, selling, or supplying of drugs:

1. If a staff members has reason to believe that a student is ill due to drug or alcohol use the following procedure should go into effect:
 - a. The principal is to be notified immediately.
 - b. If the principal feels that the illness is drug-related, the principal will, at this time, contact the parents. Following contact with the parents, a decision will be made by the principal, as to whether the student should remain in school or be taken home by the parents.
 - c. First aid will be administered as necessary and as prescribed by law.
 - d. If a parent cannot be contacted and the illness persists, the principal or designee will contact the family physician and follow his direction. Should it be necessary to hospitalize the student in the opinion of the physician, the

principal or designee will accompany the student to the hospital. If no physician can be contacted, the principal or designee may arrange to hospitalize the student. The principal will be responsible for continuing to contact the parents and physician of the student.

- e. The above refers to all in-school cases. Any notification of appropriate law enforcement agencies will be the responsibility of the building principal.
2. School authorities holding tangible evidence of the possession and/or peddling of drugs in school, shall follow this procedure:
 - a. The principal will notify the appropriate law enforcement agency.
 - b. The principal will notify the parents and the superintendent.
 - c. Suspension of the student may be initiated by the principal, pursuant to state statutes and district policies.
 3. In instances of suspected drug use or peddling outside of school, the school personnel should notify appropriate law enforcement agencies of information that has come to their attention.
 4. Should a student be arrested or convicted of possession of drugs or trafficking in drugs outside of school, the superintendent may initiate suspension proceedings under state statute, depending on the merits of the particular case.

Administrative Procedure – Use of Isolated Time Out and Physical Restraint

This administrative procedure applies to all students. Isolated time out and physical restraint shall be used only as a means of maintaining discipline in schools (that is, as a means of maintaining a safe and orderly environment for learning) and only to the extent that they are necessary to preserve the safety of students and others. Neither isolated time out nor physical restraint shall be used in administering discipline to individual students, that is, as a form of punishment. The use of isolated time out and physical restraint by any staff member shall comply with the Illinois State Board of Education rules, Section 1.285, Requirements for the Use of Isolated Time Out and Physical Restraint. Isolated time out and physical restraint are defined as follows:

Isolated time out - the confinement of a student in a time-out room or some other enclosure, whether within or outside the classroom, from which the student's egress is restricted.

Physical restraint - means holding a student or otherwise restricting his or her movements. "Restraint" does not include momentary periods of physical restriction by direct person-to-person contact, without the aid of material or mechanical devices, accomplished with limited force and designed to: 1) prevent a student from completing an act that would result in potential physical harm to himself/herself, or another, or damage to property; or 2) remove a disruptive student who is unwilling to leave the area voluntarily.

The following also apply:
